million
users

99%
customer
satisfaction

20
years
experience

We understand our customers' needs from single-site to multi-site and multi-unit buildings

"We had hundreds of keys for our buildings and facilities. Now, it's easy to manage access."

-The Met Facilities Manager

"Great technical support and quick turnaround is important. We're completely satisfied with Brivo."

-Physical Plant Director,
Central Community College

Customer support, training and optimization to maximize the benefits of your security system

"Security shouldn't have to be something I worry about...I want it done right."

-Owner, Soupergirl

Native IoT platform delivers cyber secure technology with automatic software updates
